

RAGM Newsletter February 2020

It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using 'Content here, content here', making it look like readable English. Many desktop publishing packages and web page editors now use Lorem Ipsum as their default model text, and a search for 'lorem ipsum' will uncover many web sites still in their infancy.

It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using 'Content here, content here', making it look like readable English.

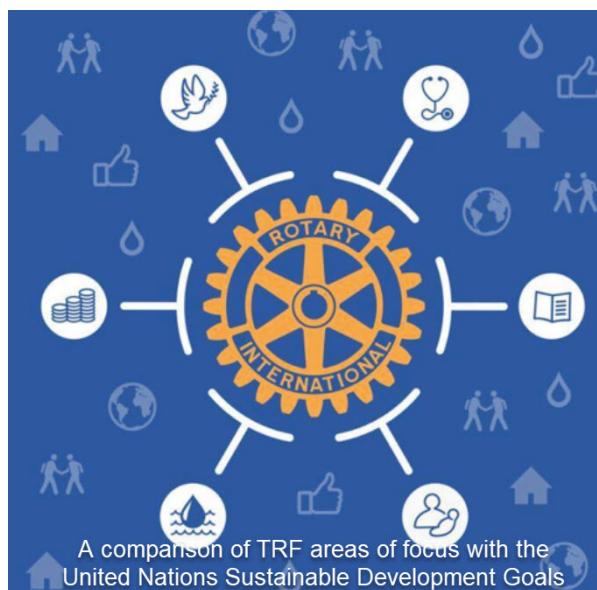

Increase Connectors: Create Peace

Increase connectors. Decrease dividers. That is what is required to create greater peace. This

...and each connector is... because diversity... that is what is required to create greater peace... this

approach, embodied so eloquently and fully by the words and work of Mam Inday Irene Santiago, reminds us of the simplicity of navigating the complexity of peacebuilding. Actively creating peace means getting to know people in a way that the unjust distinction between an us and a them ceases to exist. It means becoming friends across...

Rotary and UN's Sustainable Development Goals

United Nations - During a historic summit in 2015 they adopted the 2030 Agenda for Sustainable Development. It is an agenda for people, for the planet, for prosperity, for peace and for partnerships. It is about transforming our world by eradicating poverty and ensuring its transition to sustainable development. World leaders agreed to 17 Sustainable Development Goals or SDGs. They are an expansive framework for...

The Future of Money

At the 2002 World Summit for Sustainable Development, Vodafone's Nick Hughes gave a presentation about risk. His goal was a long shot: convince large corporations to help poorer nations by allocating research dollars for high risk / high reward ideas. An official from the UK's Department for International Development was in the audience. Afterward, he approached Hughes with an even more unusual proposition. The Department had...
